The Lenoir Housing Authority will permit any licensed contractor or Charter Communications employee repair or install cable lines in any of the LHA buildings. If it is determined that the repair is due to the LHA responsibility, such as but not limited to: age of wire, act of Mother Nature, etc., then the LHA will be responsible for the cost involved.

If a tenant request that cable is installed in other rooms such as a bedroom, the tenant will be responsible for the cost of installation and any repairs necessary to include drywall and painting.

The LHA will only be responsible for repairing the main line leading to the living room. Any other repair to any other room will be the responsibility of the tenant.

Thanks,

Michael Dineen
