Importance of quarantine:

You should stay home for 14 days after your last contact with a person who has COVID-19. Even if you test negative for COVID-19 or feel healthy, you should stay home (quarantine) since symptoms may appear 2 to 14 days after exposure to the virus.

If someone has tested positive within your household, the entire family needs to follow the advice of the Centers for Disease Control and Prevention.

Rent is due on the 1st. Put your payment in the drop box located outside the front entrance.

Contact Keyla to report any changes in household or income within 10 days.

All appointments will be done by phone or email.

COVID-19

- **If you or a member of your household have any symptoms of COVID-19, please inform staff when calling in any maintenance request.**
- **Contact Jennifer or Nicky if you have a need for support with essential items.**
- **If your Doctor has suggested you or anyone living in your household should self isolate/quarantine, let us know and we will put a sign on your door.**
- **If you have any questions or concerns about your personal health you should contact your Doctor.**
